

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, serious results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and should have attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health.

Prevalence of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patients or physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

The mild and immediate effect of Swamp-Root, the great kidney, liver and bladder remedy, is soon realized. It stands the highest for its remarkable health restoring properties in the most distressing cases.

Symptoms of Kidney Trouble.

Swamp-Root is not recommended for everything but if you are obliged to pass your water frequently night and day, smarting or irritation

If You Need a Medicine You Should Have the Best.

Swamp-Root is always kept up to its high standard of purity and excellence. A sworn certificate of purity with every bottle.

Sample Bottle Free.—To prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands of letters received from men and women who found Swamp-Root to be just the remedy they needed. The value of Swamp-Root is so well known that our readers are advised to send for a sample bottle. Address Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the La Crosse Daily Tribune.

FREE 15 Days Only Beautiful Bright Sparkling Famous \$5 Barnatto Diamond Ring

Brilliance equals genuine—deflection baffles experts—fills every requirement of the most exacting—pleases the most fastidious—at only one-thirtieth the cost of the real diamond.

As a means of introducing this marvelous and wonderful, scintillating gem, and securing as many new friends as quickly as possible, we are making a special inducement for the new year.

We want you to wear this beautiful Ring; this masterpiece of man's handicraft, this gem that sparkles with all the beauty, and flashes with all the fire of

A GENUINE DIAMOND

We want you to show it to your friends and take orders for us, as it sells itself—sells at sight—and makes

100% PROFIT 100% for you, absolutely without effort on your part.

We want good, honest representatives everywhere, in every locality, city or country, in fact, in every country throughout the world, both men and women, young or old, who will not sell or pawn the Barnatto Diamond Rings under the pretenses that they are Genuine Gems, as such action with simulation diamonds sometimes leads to trouble or embarrassment, as shown by the following article from The Chicago Examiner, Nov. 15, 1908:

"THE KING OF DIAMONDS HAS LICENSE TAKEN AWAY."

Alleged Bogus Gem Man Ralls at Newspapers.

BURLINGTON, Ia., Nov. 14.—For some time past newspapers in Iowa cities have been reporting the operations of a man who called "The King of Diamonds." It appears that there was nothing in his operations, which consisted in showing "diamonds" to the public, but he was a professional liar and a very successful one. He usually drops into a jobbing house and tells of meeting such and such a representative of the house on the road and selling him a diamond, to be delivered at the store. He explains that the diamond is only an imitation, and offers to sell anybody else the same thing. Thus he works up an interest and usually succeeds in selling some of his "diamonds." Mr. Jock of Diamonds dropped into City Auditor Norton's office one morning and secured a license to sell his wares. He had only been out a short time, however, until Chief of Police Mills learned of him. Calling in the postman, he relieved him of his license and gave him back the money he had paid for it. As the man had committed no crime he was released. He was bitter against the newspapers for injuring his business.

If you want a simulation diamond—a substitute for the genuine—don't wait—ACT TO-DAY, as this advertisement may not appear again. Fill out the coupon below and send at once—first come, first served.

ROCKFORD GANG IN "DOUBLE-CROSS" MAJOR LEAGUES FIX DATES FOR OPENING

THAT CITY TIPPED OFF TO "LAY" BY MISTER MOLL

SCHEDULE COMMITTEE PREPARES LIST OF GAMES

SECRET RESOLUTION READY SEASON STARTS APRIL 14

Victims Given No Intimation of It Until Too Late, Says Paper in Illinois Town

Usual Time is April 1 but Big Minors Want a Concession and Will Open Easter Monday

Further evidence of the "double-cross" game which was framed up on La Crosse and Wausau by what will henceforth be the Trolley Feeding league in the eastern part of the state, is found in an article published in the Rockford (Ill.) Morning Star of Sunday, before the Milwaukee meeting. The article forecasts the action of the league directors and tells of a secret meeting of the "gang" Saturday night when the ousting game was framed up in Milwaukee. A resolution was prepared to be sprung at the opening of the meeting, unbeknownst to La Crosse and Wausau, and the secret meeting Saturday night called by Thankless Child Moll was to cudgel the possible friends of La Crosse and Wausau into line for Appleton and Racine, both of which are on the trolley lines which the change is intended to make fast.

The "Tip-off" Article. The Star's article which "tips off" Moll's duplicity follows: "It will not be surprising if there is a change made in the makeup of the Wisconsin-Illinois league at the annual meeting to be held in Milwaukee today.

"Chances are that La Crosse and Wausau will be dropped, and in their places will be made of the franchises to Racine and Appleton, Wis. For some time this has been talked over among some of the other club leaders, and since the formation of a schedule has been started and it has been shown the retention of La Crosse and Wausau was an expense of several hundred dollars to each club the motion to drop the two extreme cities has grown.

"In the local delegates there is a feeling this should be brought about and one of the Rockfordites will be prepared to submit a schedule to the league magnates showing the two circuits, one with La Crosse and Wausau and the other with Racine and Appleton in. In the latter schedule it will be shown that a saving of about 12,000 miles can be made for the season which will mean \$286.09 in mileage alone to each of the clubs, aside from the saving which will be made in the hotel bills and other expenses which the long trips make necessary.

"At the meeting in Milwaukee last evening of some of the delegates the plan was talked over and the two schedules discussed. When the figures were shown of the possible saving there was an addition to the ranks of those desiring the dropping of La Crosse and Wausau and Racine and Appleton gained friends.

"A resolution calling for the substitution of the latter places for Wausau and La Crosse has been prepared and will be sprung at the beginning of the meeting and it is believed it will be passed as it is supposed there will, no intimation of what is coming by those not favorable to it until the measure is presented.

"The outcome of the meeting at Milwaukee today will be watched with interest by all the places in the Wisconsin-Illinois circuit and the two cities which would like to get in."

WINONA IN FAVOR OF JOINING A NEW NORTHWEST LEAGUE

Winona will be ready and waiting to join a new northwestern league, according to prospects. The Republican and Herald of last night, after comment upon the action of the Moll organization of Trolley feeders and the prospects of a new and larger organization says:

"This gives Winona a good chance to get into a new league which is likely to be formed.

"The matter of having a ball team to represent Winona in some league was brought up at a recent meeting of the Winona Business Men's association, and was championed by C. A. Baerwieser, the president. It was admitted by the directors present that a team would be a good thing in the way of advertising Winona, but doubt was expressed if it could be made a paying proposition. If the right manager could be secured this could doubtless be done, but a great deal depended on getting the right manager.

"This latest development may get fans to working to get a league team here."

SIMPLE REMEDY FOR LA GRIPE. Racking in gripe coughs that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar. The sore and inflamed lungs are healed and strengthened, and a dangerous condition is quickly averted. Take only Foley's Honey and Tar in the yellow package. O. T. Erhart.

CLEVELAND, Ohio, Jan. 19.—The regular opening date of the two major leagues is April 1 but the schedule committee in session here has made a concession to the eastern clubs of the American league who wish to open on Easter Monday. The opening dates therefore are as follows:

American League
Boston at Philadelphia, April 12.
New York at Washington, April 12.
Cleveland at St. Louis, April 14.
Chicago at Detroit, April 14.
Detroit at Cleveland, April 21.
St. Louis at Chicago, April 21.

National League
Pittsburgh at Cincinnati, April 14.
St. Louis at Chicago, April 14.
Philadelphia at Boston, April 14.
Brooklyn at New York, April 14.
Brooklyn at New York, April 14.

This information is as far as the magnates here will go. They think it would only cause confusion to make further announcements since some of the dates are sure to be changed when submitted to the meetings of the leagues themselves next month in Chicago, Easter Monday is to be made a gala day at the opening of the new park in Philadelphia and most all of the magnates and officials of both leagues are to be present.

By granting Philadelphia an early date this trip can be made so the visitors can return home in time for their own inaugural two days later. An invitation from Barney Dreyfus, president of the Pittsburgh club, to hold the schedule committee meeting in Pittsburgh a year from now was accepted by Presidents Pulliam and Johnson on behalf of the two big leagues.

Cleveland was fortunate in securing all three holiday dates this season. The Naps will play at home May 31. Decoration day; July 5, which will be celebrated as the Fourth, the holiday coming on Sunday, and on Labor day.

Cleveland goes direct to St. Louis from the south, plays a series there and one in Detroit and then comes home with the Tigers as the attraction.

CALIFORNIA LAW AGAINST BETTING

SACRAMENTO, Cal., Jan. 19.—A measure directed against race track pool selling, keeping a pool room or placing bets on the ponies in any manner, has been adopted by the assembly committee in public morals. It will be reported to the lower house favorably and without amendment.

Five Years

of Heart Trouble Cured by Dr. Miles' Heart Remedy

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had pains in my left side, and under my shoulder blade, could not sleep on the left side, and was so short of breath the least exertion would bring on the most distressing palpitation. I had scarcely taken a half bottle of the Heart Remedy before I could see a marked change in my condition. When I had taken six bottles I was cured."

MRS. C. C. GORKEY, Northfield, Va.

If there is fluttering or palpitation it is an indication of a weakness of the nerves and muscles of the heart. It is not necessarily diseased—just weak from over-work. The heart may be weak just the same as the eyes, stomach or other organs. You can make a weak heart strong by taking Dr. Miles' Heart Remedy. Get a bottle from your druggist, take it according to directions, and if it does not benefit he will return your money.

NELSON WILL HUNT WITH ROOSEVELT

SAYS HE PROMISED PRESIDENT HE WOULD GO TO AFRICA

BAT REFUSES TO MEET PACKY

Lightweight Champion Says McFarland is Under Age and He Won't Fight Anything but a Man

CHICAGO, Jan. 19.—"Bat" Nelson is going to Africa to hunt big game with President Roosevelt. This was the statement of the lightweight champ himself, just before he started on a tour of Indiana, Ohio and West Virginia. The "batter" alleges that he goes on the invitation of the president.

"You know the president and I had a great talk when I was in Washington a few days ago," said Nelson. "During our pleasant conversation we talked about big game. Of course, I've hunted big game in the pugilistic line many times, but this kind of hunting strikes me right. Right then and there I promised the president I would join with him on this hunting expedition. Teddy is a great fellow and I like him immensely."

World Fight McFarland

LOS ANGELES, Cal., Jan. 19.—Just as many expected, Batting Nelson has found still another excuse for not meeting Packy McFarland. Only last Friday, Nelson stated emphatically that if McFarland made a good showing against Fighting Dick Hyland at Los Angeles, he would consent to a match with the stockyards boy for the lightweight championship. Last night, however, Nelson declared he would not meet McFarland, because he would not fight a "child." He pointed out that Packy had recently been declared an "infant" by the court and said that he would not meet McFarland until he became a "man."

Nelson is greatly angered at Packy, according to his statement last night, in which he said that he had personally introduced the stockyards lightweight to the manager of a press bureau, and that after contracting for \$50 worth of work which was completed and from which Packy derived considerable benefit, he "welched" on the payment of the bill. Packy was sued for the amount but won the case because he was not of age.

McFARLAND WANTS FIGHT FOR \$5,000

LOS ANGELES, Cal., Jan. 19.—Packy McFarland is peeved and Freddy Welsh is the object of his animosity. Packy resents the attempt being made to railroad him into the welter weight class and he comes back with this talk to Welsh:

"I will meet Welsh for a \$5,000 side bet, 135 pounds, weigh in at 6 o'clock." For a match with Nelson, Packy says his \$5,000 still goes but he will consent to make 125 ringside, the weight Welsh has been demanding of Packy. McFarland admits he had hard work to make weight for Hyland but says it was because rains prevented roadwork.

"Let Welsh put up or shut up," is McFarland's last word.

BOSTON AMERICANS OUT FOR PENNANT
BOSTON, Jan. 19.—"Doc" Gessler, the newly appointed captain of the Boston Americans, is going to try to have the team under him as formidable as it was when the world's champion pennant flew on the club grounds.
Jake Stahl, the first baseman will be retained by the club. Manager Lake today announced that there was no truth in rumors from Toledo that the club had asked waivers for him.

GESSLER WILL LEAD BOSTON AMERICANS

BOSTON, Mass., Jan. 19.—Both the American and National league headquarters had several announcements of interest to the fans to make today. Manager Fred Lake of the Red Sox team started the news with the announcement that he had settled upon Doc Harry Gessler to captain the Boston American team through the coming season.

Another announcement is that Jake Stahl will be with the team another season. Manager Lake declares that waivers have not been asked on him and will not be.

President Helps Orphans.

Hundreds of orphans have been helped by the President of The Industrial and Orphan's Home at Mason, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal. Best for female complaints. Only 50c at O. T. Erhart.

AUSTRALIAN GOV'T PASSES ON BOXING

SYDNEY, N. S. W., Jan. 19.—The government has decided to prohibit in-fighting and the use of gloves under six ounces in all future boxing contests. Legislation on the subject will be introduced. In the meanwhile the police are empowered to enforce the regulation.

Opinion of Americans.

Local followers of the game are inclined to believe the ordinance was passed because of the British opinion that the only way to box is to lead with the left, counter with the right and step back when the work gets too hot.

NEGRO CHAMPION TO MEET LANGFORD

LONDON, Jan. 19.—That the question of the better man between Sam Langford and Jack Johnson will be decided May 24 became manifest today when the manager of the National Sporting club, where the bout will be held, cabled transportation to Langford's manager.

Before he left for Australia to fight Tommy Burns, Johnson said he would return to England and fight any man the National club selected. With the cabling of the money to bring Langford here, the match appears clinched.

REBUKING AN IMPERTINENCE

The action of the house of representatives in closing the rabid mouth of the veal and yellow tongued Representative Willett, of New York, in the midst of his coarse exhortation of President Roosevelt will find few adverse critics. It was a well earned rebuke invited by one whose bad taste was equal to his bad language.

Men who do things, more than men who do not, make mistakes. It is easy enough to avoid error in performance but not performing at all. We do not contend that President Roosevelt has made no errors. Indeed, we are not prepared to maintain that he has not made more errors than the average president. But we most emphatically insist that he has done more good than the average president, and that in view of his unprecedented activity his percentage of error computed on the basis of his total of performances is small. Impetuous, a fighter to the extent of brutality, bitter at times and always aggressive, Theodore Roosevelt has permitted inspiration

to lead him into situations that we cannot commend. But he will stand out in history as the most wonderful and versatile of our presidents, a man of right conscience and strong, clean purpose.

We do not challenge the right of any member of congress to criticize him, to question the correctness of his position relative to public matters with force and plain language. But it will be insisted upon that no man shall be permitted to insult our national legislature with billingsgate of the sort that Mr. Willett mistook for oratory yesterday. It was insufferable, and the house did a very proper thing in sitting down on the New Yorker with crushing emphasis. From his speech of yesterday Willett will be known as a reckless blather-skite.

THE B. B. INCIDENT.

No one will question the right of the W-I league to drop unprofitable members, and the action of the league officials in letting La Crosse out does not, per se, invite resentment.

However, the method employed in getting rid of this city was most contemptible. There is no reason why the thing might not have been handled open and above board, like any legitimate business transaction. There was no need to lie, there was no need to misrepresent up to the last moment, even if a trolley line did need the money.

The affair need create no surprise in this city, notwithstanding its impropriety. President Moll did not employ less candor in the matter than he has on other occasions. Those who have enjoyed correspondence with him can easily guess how much, and how little, he knows. He should not be criticised as would one hampered by less handicapping limitations. But even for a man like Moll, it was a bad and devious performance.

We have not the slightest ill will toward President Moll. Indeed, we wish him luck—as great and undeserved luck as attended him when a liquor salesman was boosted into the presidency of the W-I league. And we feel quite safe in predicting that the relations between him and the trolley line officials will be quite amicable and confidential.

A quiet little shot at Mr. Derr (who is used to being under fire and don't mind) is not surprising and a cuff at "that mildest of men," John Kindley, may pass without sensation, but when we come to "Gum Shoe" John Elliott, or "something" that don't allow to far the firmament it will be because the fans are lethargic after that body blow from Moll's Moll.

Mr. Mahoney's resurrection of Gene Derr's barn as an issue in the baseball squabble will be viewed with alarm by the populace, and injunctive proceedings may be started to prevent the exhumation of a pestilence that was epidemic several years ago.

How would it do to substitute the name of Congressman Willett for that of "Joe" Pulitzer in the government's libel complaint.

IN THE NATION'S CAPITOL

(By John J. Hannan.)

WASHINGTON, D. C., Jan. 19.—Senator Borah performed a real service when he made a point of order against the item in the legislative, executive and judicial appropriation bill proposing an increase in the salary of the speaker of the house of representatives from \$12,000 to \$20,000 a year. The discussion which followed was largely one upon the technical construction of the rules and touched lightly the merits of the case. What a hopeless tangle the discussion of the rules is may be imagined when the elder statesmen of the senate occupied thirteen pages of the Record and practically an entire session upon the question as to whether an increase in salary of the vice president is new legislation.

But there are some things in connection with these proposed increases of salaries that are understood by everyone. In all probability had the matter of the increase of the salary been confined to the original item of Senator Bourne, that of increasing the president's salary, no opposition would have developed but when this increase was proposed some friend of the Hon. James Schoolcraft Sherman suggested that the Honorable Jim was entitled to \$20,000 a year, and \$5,000 for carriages and that a bill could not get through without an item of that kind in it. And then Senator Aldrich with a watchful care over the interests of "Uncle Joe" provided a like salary and expense account for the autocrat of the house. Then the friends of the judges throughout the country became active and tacked on increases of the judges of the supreme court, circuit courts, district courts, the supreme court of the District of Columbia, the court of claims, and the court of appeals of the district and in fact an old court that they could rake up. The increases in the item go to the salaries of 134 men and the total increase in salaries proposed amounts to \$320,500 per annum. They are described by Senator Hale as "mild and reasonable." The increases range from 25 to 100 per cent.

Addressing the senate upon the necessity of increasing the speaker's salary, Senator Hemenway of Indiana said: "Whether it is right or wrong there is growing up a custom of the vice president and the speaker of the house entertaining just as the president entertains. Just what amount is fixed for the vice president's salary the speaker should have the same. Whether \$20,000 is too much or too little, I think we all know that neither the vice president nor the speaker can live in Washington and entertain in a limited way and pay their expenses with a salary of \$20,000."

Senator McLauren replying said: "It is no part of the service of the vice president or the speaker of the house of representatives to entertain. If the vice president and the speaker are able to entertain, it is gratifying not only to themselves but to their friends."

There is the argument in a nutshell. There has grown up a custom in Washington of liberal entertainments. When "Uncle Joe" Cannon or Charles Warren Fairbanks or somebody else is a candidate for the presidency or some other office, he sends his servants out into the highways and byways of Washington to gather in all who will come to his board. The capital has developed a class known as the booze grafters and the food grafters which haunts receptions and entertainments. The entertainments of the vice president and the speaker are in no sense state entertainments. They are merely a means to promote the political ends of those who give them.

There is no objection to the raising of the salary of the president as everyone recognizes that he, as the representative of the power and authority of the government, is required to entertain lavishly and that the only way to insure the preservation of the democracy of the presidency is to provide the chief executive with a salary sufficient to pay the expenses of the position. There is a feeling among senators that the increase proposed in the salaries of the speaker and the vice president is neither mild nor reasonable. They feel that before the salaries of these officers should be increased, that the men occupying them should give some evidence of a desire to serve the public rather than to satisfy the appetite of Washington society.

COUGHING BURST

BLOOD VESSEL.

Says Danger Avoided and Cures Coughs in 5 Hours.

A writer for the medical press states that coughing is responsible for the bursting of blood vessels quite frequently. A cough or cold means inflammation (fever) and congestion and these in turn indicate that the body is full of poisons and waste matter. Simple relief, as found in patent cough medicines, and whiskey, often result in more harm than good; as they cause more congestion. A tonic-laxative cough syrup will work marvels and here follows a prescription which is becoming famous for its prompt relief and thorough cures. It rids the system of the cause, except it be consumption. Don't wait for consumption to grasp its victim, but begin this treatment which cures some in five hours. Mix in a bottle, one-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times a day. Give children less according to age.

Dollie Dimple.
Now do not blame me, Dolly. I will not bear one word; And if there's any scolding, 'Tis I who must be heard. What did you think me made of? Am I a doll—a sheep? Ah, Dolly, if you'd not be kissed Don't let that dimple peep!

Sport frocks of every color,
For you are always fair; Don hats that waken wonder And set the world a-stare; Break every wise convention; Make Mrs. Grundy weep; But if you wish me to behave— Don't let that dimple peep.

You're license to be cruel,
Although it is a shame; And you may term me stupid At every sort of game; And doubt me, Dolly, flout me, And all contumely heap; But if you'd have an humble slave Don't let that dimple peep!

The things you like, I'll do them.
Obey your lightest wish; I'll sacrifice digestion Before your chafing-dish. I'll follow all caprices With desperation deep; But, fascinating maid, beware— Don't let that dimple peep.

'Tis idle to be angry;
Nay, worse—'tis sinful, too. About an act so harmless Why make so much ado? One way's the only safe way— 'Tis very hard to keep. Yes, Dolly, if you'd not be kissed, Don't let that dimple peep.

A Political Exigency.

The old saw says that "politics makes strange bedfellows," and it is likewise a fact that the professional politician is frequently moved by the "exigencies of the case" to acts that will not stand close scrutiny. Not alone is this so in the present day, but it was so "in the days of the fathers."

When Hannibal Hamlin first began his political career he was once at a caucus in Hampden, the only attendant besides himself being a citizen of very tall stature and ponderous build. Mr. Hamlin had some resolutions to pass which began by representing that they were presented to a "large and respectable" gathering of voters, and he proceeded to read and "vote" them onto the records of the caucus.

"Hold on!" cried the other man. "We can't pass that, for it ain't true."

"What isn't true," demanded the wily Hamlin.

"It ain't a large and respectable caucus," objected the other member of the assembly. "There's only two of us."

"That's all right, brother; that's all right," assured Hamlin. "It goes as read. Just you keep still. This is a large and respectable caucus, all right. You're large and I'm respectable."

And the resolution "passed" without further demur.—New York World.

IMPORTANT COURT DECISIONS

EFFECT OF ESCHEAT ON RIGHT TO DOWER.—The case of Smith vs. Doe, 111 New York Supplement, 525, illustrates the occasional hardship of general laws, and leaves plaintiff with no apparent means of redress, had not the legislature passed a special act giving her relief. Plaintiff's husband died leaving one brother and herself surviving. Decedent's realty passed at once to the brother, subject to plaintiff's right to dower. Subsequently the brother died, and the property then escheated to the state subject to the dower right. The widow, being desirous of having her dower ascertained and paid in bulk, instituted proceedings for that purpose, making the state a party, and service of summons was acknowledged by the attorney general. Plaintiff recovered judgment, and the premises were sold. The purchasers declined to complete their agreement on the ground that the state was not bound by the proceedings, and that therefore the state did not pass a clear title. The New York supreme court upheld plaintiff's motion to compel acceptance of title, saying that there was no authority for making the state a party in proceedings of adjudication of dower; that the appearance by the attorney general was not binding and created no estoppel against bringing action to recover the property which had escheated to the state. A short time after this decision was rendered, the legislature passed an act ratifying the appearance by the attorney general and confirming the sale.

SPOTLIGHTS

The Great Bros.

"Across the Great Divide," as produced by North Brothers' company last night, was one of the best dramatic attractions produced by a stock company on the local stage. Miss Genevieve Russell, a favorite in the city, was in the leading role. The best members of last year's cast are still with the company, and there are many strong additions. Special attention has been paid in selecting the vaudeville acts this year and this part is worthy of mention. The Chicago Ladies' orchestra is still a feature. The company will be here all week with new plays at each performance. Matinee tomorrow.

At the Bijou.

The Bijou theatre is justifying its appellation by the show this week, a swift moving procession of good acts made more so by the zest and crispness of its offerings. It is doubtful, indeed, if the little theatre ever presented a bill to equal this week's in its drawing qualities. Two large audiences greeted the new faces last evening.

De Monde & Dinsmore, the novelty and comedy singing duo, opened the pyrotechnics in a medley of up-to-date sidewalk conversation and street pated that contained some good laugh producers. Miss Dinsmore's charming stage presence added a good deal to the pleasure of the turn. The staging of the "In the Good Old U. S. A." through large graphophone bells made a decided hit.

Bremer, Girl and Dolny have a fine stage setting representing the interior of a bowling alley. The effect is carried out by the use of real balls and pins. The scene serves to introduce one of the cleverest juggling acts ever seen here. "The Girl" is exceptionally clever in the manipulation of Indian clubs. George Dolny as the tramp juggler supplied the laughing gas that served to ignite the audience's reactivity to a point of laughter explosion. The act was a scream from start to finish and the audience were in such a riot of merriment that the principals could hardly get away. Even when the curtain went up for the next act they were compelled to bow their acknowledgments before the noise subsided. They were a tremendous hit.

The Cartier Sisters are very good singers and introduce some good changes for their singing numbers. The whistling solo by the brunette was a real novelty. The rippling flute-like notes falling in beautiful cadences drew on the audience for well deserved appreciation. The concluding song, "Rainbow," in Indian costume, was a fitting close to an altogether pleasing number. They landed safely on the sunnyside of popularity.

"When the Birds of Georgia Sing of Tennessee," a beautiful ballad of the sunny south, well suited to Mr. Petrick's fine baritone, is the illustrated song of this week.

The Norrises have hit upon a novel scheme to introduce their musical specialties. There is a slight opera structure visible for a moment, but it fades away altogether in accomplishing the object of getting them going. The scene is laid in a band room where the members fall to show up for rehearsal but each sends a substitute who happens to be the same man. Some ten instruments are arranged on a rack and each one is played separately by means of foot-levers and electrical apparatus. Many surprises are put over. Mr. Norris does not overdo the Rubé and does not let it interfere with the music which is of a high standard right through. Mrs. Norris is a master of the marimbafone and made a very chick appearance in the dress of a hussar costume of white satin trimmed with gold lace. As a feature headliners they were a great hit. It will be interesting to La Crosse vaudevillians to know that Mr. Norris is the product of Wisconsin soil his home being in Viroqua where he was prominent in musical circles for many years.

A Celebrity Anyhow

Some few years back a Yorkshire vicar had a call from the squire's coachman, who asked him to christen his son. The vicar asked the name they proposed to give the child and the Jehu replied:

"Cicero!" said the vicar. "Why, he was a great orator."

"I don't know about orators," replied the coachman, who had happy memories of having won a bit over Cicero's Derby, "but he was a great oss."—Tit-Bits.

WANTED 50 MEN AND WOMEN

O. T. Erhart, the enterprising druggist, is advertising today for fifty men and women to take advantage of the special half price offer he is making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia, and get a fifty cent package at half-price, 25 cents. So positive is he of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that he agrees to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion regulates the bowels, creates an appetite, and makes life worth the living.

This is an unusual opportunity to obtain 60 doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known business man to refund the money if it does not give satisfaction.

O. T. Erhart has been able to secure only a limited supply of the specific, so great is the demand, and you should not delay taking advantage of the liberal offer he is making this week.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

THE FORBIDDEN ROAD

BY MARIA ALBAHRELI
(Copyrighted 1907.)

When they were both laid in Camilla's luxurious bed (and by the sound of their breathing the two listeners had assured themselves that the rest was unbroken) the mother went up to Katherine and kissed her, and then she put her arms round the girl and clung to her.

"Don't think me mad," she said, hoarsely; "to-morrow I will tell you all."

"You are so cold," said Katherine, unevenly; "won't you have something? Let me get you a little brandy."

"It is you who ought to be cold," Camilla answered; "how selfish I am, dragging you out of your bed like this."

They spoke in hushed tones. "I am not a bit cold," Katherine said.

Indeed, she had found time to slip on something about her shoulders, though her feet were bare.

She insisted upon putting Mrs. Lancing in the chair in front of the fire, and then she went down to the dining-room and brought back a little brandy.

Camille thanked her with a wan smile, and urged the girl a second time to go back to her bed. But Katherine would not leave her at once.

She was a little alarmed at Mrs. Lancing's look, and she knelt down chafing first the cold, slender hands and then the small, cold feet.

"It is a long time since I carried Betty," Camilla said, after a little while. "Dear heart, she has grown so much, she is no longer a baby, alas! alas!"

The stimulant had already commenced to put a little sign of warmth and life into her; the misery in her expression was breaking a little.

"She was my first baby, you know," she said, "and her father thought her the most wonderful thing in the world. He used to walk up and down with her for hours at a time, and the old nurse I had was so angry with him! . . . She said it was such a bad habit. But I loved to see him with that little creature in his arms; he was so gentle with it. . . . And then to think that he could forget her, turn away and leave her! It does not seem so bad that he should have forgotten me," she said. She spoke dreamily.

There was a long pause. Katherine still chafed the small feet.

"You wonder, perhaps why I asked for Betty," Camilla said, in a low voice. "I love them both just the same, but Betty belonged to the beginning. Her father never saw Baby; poor little Baby! I wonder would he have stayed if he had seen her?"

"You are warm now," said Katherine, as brightly as she could; "do let me help you into bed. You will feel so much better there, and the children will keep you warm. Won't they be surprised when they wake up and find themselves in your bed?"

The smile that came into Mrs. Lancing's eyes was very pleasant to the girl kneeling beside her to see.

Her heart began to beat a little less nervously. The fear and the uneasiness began to slip from her. When she would have got up Camilla held back a moment.

"You have been so good to me," she said, in a broken way, "and you give me such a sense of strength and comfort. How angry nurse would have been if I had disturbed her as I disturbed you! Dennis is right. I have never had any one about me like you before."

Katherine Graniger smiled. There was a great sweetness in her face. To the woman looking at her she had still that spiritual touch about her, and yet, she was human, human in the most exquisite meaning of the word.

"Do let me help you to undress. I am sure you ought to be in bed," she urged.

She got her way, and a little later, after she had tendered Camilla as if she had been a tired child, she stood and looked at the mother nestling down in the bed between those two small slumbering forms, and the slight brought tears to her eyes.

"I am going to stay a little while, in case you want me," she whispered. Camilla heard her as in a dream. The hot agony had passed from her heart and a sense of exhaustion fell upon her; she lay with a hand touching each of her children, and Katherine moved about the room softly, putting it tidy.

She picked up the lace gown from the floor; she laid it and the magnificent wrap on the couch.

The fire lit up the room with a warm, ruddy glow. Katherine put some more coals on noiselessly. By the firelight she saw the scattered jewels and gathered them together; then she put the letters in a pile, with Colonel Lancing's at the bottom.

When all was done she paused and listened quite a long time.

Mrs. Lancing never moved; she had fallen asleep.

"Poor creature!" said Katherine to herself.

She stole softly away, but the room upstairs had such a desolate look, she could not stay in it; so, as sleep was impossible now, she dressed quickly, and went back to Mrs. Lancing's room, still in the same soft way.

"I may be of some use," she said. She sat in the chair by the fire, and she watched the bed. It gave her a sense of extraordinary gladness to see those three so closely together; in this moment she seemed to share in their union; she ceased to be a stranger.

CHAPTER IX.

Although he had both telegraphed and written to ask for some statement concerning Katherine Graniger from his mother, Haverford, of course, never expected to receive a prompt answer; indeed, he was quite prepared to have no answer at all.

He left orders that all his letters were to be forwarded to him whilst he was in the north, and Katherine's little epistle travelled thither with the rest of his enormous correspondence.

It would have been very difficult for the man to have described why he objected to the arrangement that had been entered into between Mrs. Lancing and Katherine Graniger. The girl's own argument to herself in favour of what she had done was a very sound one. Indeed,

HEALTH, WEIGHT AND STRENGTH

Can Be Regained by the Tonic Treatment as this Wisconsin Woman Shows.

"When the body becomes run down, either as a result of overwork, worry or a severe illness, an examination of the blood would show it to be weak and watery. This condition is called anemia, which is the medical term for 'bloodless.' The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite. Anemia itself is a dangerous disease and it may gradually pass into consumption. It must be cured by treating its cause, which is the poor condition of the blood. The vital fluid must be made strong and healthy thereby enabling it to carry the necessary nourishment to every tissue of the body.

Mrs. George Stearns, of R. F. D. No. 2, Junction City, Wis., says:

"I was sick for two years after the birth of my child. I was very thin, all run down, had no color and could not get around without great effort. I had to eat very light food as my stomach was weak. There was a severe pain across my lungs all the time, my eyes were sunken and my people thought I would die. My blood was turning to water and I was greatly reduced in weight. I could not get a good night's rest.

"I was treated by four doctors, all of whom thought I was in the first stages of consumption. They did not seem to help me and I grew worse. I became so discouraged with the doctors that I just quit them and bought a box of Dr. Williams' Pink Pills. The pills were recommended to me by a friend. When I had taken them a month I was so much improved that I could eat a hearty meal and the pains across my chest had disappeared. I took the pills for some time and became real strong and have been well since. Everyone tells me I never looked healthier and I feel as well as I look. We live on a large farm and I work hard yet feel well. I cannot praise Dr. Williams' Pink Pills enough."

Our booklet, "Diseases of the Blood," is free on request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

COUNTY MAY NOT GO AFTER ROGERS

CHIEF WEBBER AND DISTRICT ATTORNEY CONFERRING

PUEBLO AUTHORITIES WIRE

Ask What Reward Is Offered and Indicate that La Crosse Police Can Have Man

District Attorney James Thompson and Chief of Police John Webber have been in conference today and yesterday concerning the advisability of sending a man to Pueblo, Colo., to arrest Harry Rogers, the silk thief, when he is released from charges against him there at the present time. His trial is scheduled to come up within the next week, and the local authorities thus far have been unable to determine whether or not they shall spend the money to bring him back.

District Attorney Thompson today said the matter was still undecided, but it is understood he feels that the county has already spent enough money to secure Rogers, without avail. It seems likely that the effort to get Rogers and his accomplice, Belle McCue, who is with him there, will be dropped, but the decision remains to be made.

Attorneys Morris & Hartwell, who are looking out for the Rogers' end of the case, say no requisition for Rogers has yet been applied for of the state department at Madison.

GIRLS WERE IN BAD COMPANY

Because of questionable conduct and associates and persisted in visiting places of ill repute, Agnes Sjoquist and Ruth Barnes, who were formerly Ruth Nickocks, were placed under arrest yesterday and are now in the county jail awaiting a hearing. Both girls are about sixteen years of age and have before been reprimanded for the same kind of conduct. Miss Sjoquist is a resident of the North Side while the latter resides with her parents on the South Side. They will be given a hearing in the county court before Judge Brindley tomorrow.

BRICK PAVE 500 FEET OF CAUSEWAY

SPECIAL STREET IMPROVEMENT COMMITTEE SO DECIDES

CANNOT AFFORD MORE NOW

Several Streets on North Side Will Be Paved and Other Improvements Given to that Section

The special street improvement committee met last evening and will recommend to the council that the causeway should be brick paved from the Burlington tracks, 500 feet north. That is all that can be done in one summer, owing to the cost.

It was also recommended that Clinton street be paved from Rose street to George street with the exception of the one block between Caladenia and Avon street which is already paved. The paving of this street will make a great improvement on the North side by connecting the newly paved streets. It will be recommended that Berlin street be paved from Clinton street, north to Gillette street, and Charles street, south from Clinton to St. Paul street. George street will be paved from Gillette south to Logan street.

SNOW STORM HID PATH OF YOUTH

Friday evening when John C. Evans of French Island, disappeared rather mysteriously, a hard snow storm was raging and the youth who had started for Round Lake, where a man was cutting wood, lost his way. The wood hauler came home by a different route and young Evans, unable to find the path again wandered for many hours through the marshes and swamps. It was impossible to see the road even with the aid of a lantern, it is said. When Mr. and Mrs. John T. Evans learned that the boy had turned up in Chippewaukee they hired a rig and Detective McGrath offered to go and bring the boy back. He was not arrested, but went back to his parents home.

SURPRISE PARTY.

Mrs. F. Smith of Charles street was pleasantly surprised by a number of her friends yesterday afternoon at her home. Those present were Mrs. A. Shaede, Mrs. D. F. Norton, Mrs. L. M. Race and Mrs. J. A. Pettenger. Refreshments were served and the afternoon was pleasantly spent.

BREAKS A COLD IN A DAY

And Cures any Cough that is Curable.

Noted Physician's Formula. Mix one-half ounce of Concentrated pine compound with two ounces of glycerine and half a pint of good whiskey. Shake it thoroughly and use in doses of a teaspoonful to a tablespoonful every four hours.

The above formula is one of the very best remedies obtainable for an acute cold. It will strengthen the lungs, relieve coughs and heal the bronchial tubes, and it will cure any lung trouble not too far advanced.

These ingredients are procurable of any good prescription druggist and easily mixed at home.

The Concentrated pine is a refined pine product for medical use and comes only in half ounce bottles, each enclosed in a round wood case, which is air-tight, but is sure it is labeled "Concentrated." A prominent local druggist says he has filled this prescription hundreds of times during the winter months.

JENKS' HARVEST IS 20,000 TONS

SAYS ICE FAMINE NEXT YEAR IS OUT OF QUESTION

ICE PLENTIFUL; PRICES LOW

Best Quality of Ice This Winter for Many Years and Weather Ideal for Continuous Harvest

The north side ice harvest this year is said by the icemen to be one of the best they had ever seen. The ice is clear and 18 inches thick.

For many years past the ice was usually from 15 to 20 inches thick but half of it was snow-ice. This year there is very little snow ice and the ice is exceptionally clear all through.

The filling of the Owen icehouse was completed at noon today and Mr. Owen said that he was very well pleased with the ice harvest and that there need be no fear of an ice famine next summer as he has put up 3,500 tons of ice, and that amount lasted him through the season last year. The ice he had was not near as good as the ice he now has, he said.

L. C. Jenks of the Arctic Ice and Fuel company expects to have his icehouses filled by the latter part of the week and said when the houses are full that he will have 20,000 tons. He says he is certain that it will be sufficient for next season. Last year Mr. Jenks did not have a sufficient amount of ice to supply his customers during all the season, but declares that with the ice in the new storage recently completed, there will be sufficient for a very warm season.

TARIFF PREVENTS 'EM HANDING US LEMONS

WASHINGTON, D. C., Jan. 19.—A report filed with the house committee on ways and means by New York city importers declares that the lemon raising area of Italy will lose nearly 300,000 workers as a result of the earthquake.

"Normal conditions which until December 28 last governed the production and exportation of lemons from Sicily have been suddenly overturned," says the report. "Nearly or quite 150,000 human lives have been suddenly destroyed, one-fifth being men and largely of the laboring class."

"Facing the conditions now existing in Sicily, we solemnly assure your honorable body that unless the duty upon lemons is materially reduced, the importation of the lemon has reached its end."

Poor Lo's Epitaph

The epitaph collector displayed enthusiastically the photograph of a severe and stately marble tomb.

"A new epitaph," he said, "and one of the best in my collection. It is the epitaph of a body of Indians slain in battle near Cooperstown. It was composed by a clergyman, W. W. Lord, and I consider it most poetical."

The epitaph upon the stately tomb was as follows:

"White man, greeting! We, near whose bones you stand, were Iroquois."

"The wide land which now is yours was ours."

"Friendly hands have given back to us enough for a tomb."—Philadelphia Bulletin.

ENGLAND PLEASED BY TEDDY'S PRAISE

LONDON, Jan. 19.—President Roosevelt's praise of English rule in India in his speech to the Methodist missionary workers in Washington last night, has done more than anything else to strengthen the position of the government, the government officials and pro-administration papers are today singing the praises of the American executive.

The Globe says that Roosevelt has shown himself far better informed on the Indian question than any of the English radicals. "The Americans have studied India," the Globe says, "as a guide to their control of the Philippines, where they have introduced more civilization in a decade than the Spaniards did in three hundred years. The appreciation by Americans of England's administration in India is worth more than the attacks of critics on this side."

The Times says that none of Roosevelt's predecessors "could have ventured such a tribute and, high as President Roosevelt's courage is, he could hardly have ventured it himself had he not known that the old prejudices and prepossessions cherished among his countrymen were fast withering away."

The Pall Mall Gazette says that "Roosevelt's eulogy will be greatly read by British people throughout the empire."

IS THIS GIRL THE MISSING GRAFTER?

LONDON, Jan. 19.—The authorities are still hesitating to arrest "Miss McLeod," the Oban, Scotland, girl, who is suspected of being Miss Violet Gordon Charlesworth, wanted for alleged fraudulent transactions amounting to \$100,000.

The creditors of Miss Charlesworth are insisting that an arrest be made, believing that if the girl is Miss Charlesworth, she still has in her possession much of the money secured from her dupe, Miss McLeod's denial that she is Miss Charlesworth, supported by the positive denial of Miss Lillian Charlesworth, a sister of Violet, has deterred the authorities.

TWO NAMES FOR PROPOSED LEAGUE

"MISSISSIPPI VALLEY" OR THE "NORTHWEST LEAGUE"

WON'T ADOPT "NORTHERN"

Word Is Expected in a Day or Two From the Other Cities Which Are Expected to Join

The baseball situation this morning remains about the same as it was yesterday afternoon. No word has been received by John A. Elliott or President Henry Rooney from either Kuehn of Duluth or Roy Wilcox of the former Eau Claire state league team. This delay is only the lull after the storm, say the officials, and no doubt this week will bring about a conference that will ultimately decide whether or not it is possible to organize a league this spring.

The local fans are thoroughly aroused over the thought of the abandonment of professional baseball in the city, and the officials are urged to go to the limit to form a new league.

At present it is not known just where Mr. Kuehn is, but it is known that he was in Milwaukee yesterday and if he has not left for Wausau he will probably be here today. Otherwise he will be here tomorrow in the opinion of Mr. Rooney.

Names proposed for the new league are the Mississippi Valley league or Northwest league. These names are looked upon more favorably than "Northern league," as the latter went to pieces some time ago and is not of the best standing in baseball circles.

COOPERS TO START WITH 500 TALES MEN

NASHVILLE, Tenn., Jan. 19.—Five hundred talesmen have been subpoenaed to appear in the criminal court at 9 o'clock tomorrow when the murder trial of Col. Duncan B. Cooper, his son, Robin J. Cooper, and John D. Sharp, jointly held for the killing of ex-Senator E. W. Carmack, is scheduled to begin. According to Attorney General Jeff McCarr, this number will not be one-tenth of the total that will be required before the jury is selected. He declares that there is hardly a man in the county who has not expressed an opinion in the case.

It is a singular coincidence that today, the day before the trial, the legislature should be taking final action on the liquor bills that were the actual cause of Carmack's death.

ASK RELEASE OF FAMOUS CONVICTS

JOLIET, Ill., Jan. 19.—Petitions for the release of Paul O. Stensland, convicted of wrecking the Milwaukee Avenue bank and defrauding thousands out of several hundred thousands dollars, were filed today with the state pardon board in session here. A petition for the release of Mrs. Evelyn Romadka, divorced wife of a Milwaukee millionaire, convicted of robberies, is also said to have been filed.

INJURY TO HOLLEY DELAYS HEARING

The case of Sam McMillan, demanding an accounting of his father's estate from the trustees, which is being contested before Referee Baldwin had to be postponed indefinitely on account of the injury sustained by John M. Holley, Jr., one of the litigants. It will be resumed as soon as Mr. Holley is able to be present at the proceedings. It is expected that a decision will be reached in a few days after the hearing is again resumed.

MILLS IS DEAD

CHICAGO, Jan. 19.—The funeral of Laffin Mills, author and orator, will be held tomorrow afternoon. Mr. Mills died last night of apoplexy after an illness lasting several months. His condition was not regarded as critical until a few hours before death.

Why Wells Was Wrathful.

Charles E. Wells, who has been called the groundhog senator of West Virginia, because he once introduced a bill advocating the changing of groundhog day from February 2 to July 4, was staying over night at the Grand hotel of a budding West Virginia village not long ago.

He was awakened in the morning by heavy pounding on his door, and the voice of the old man night clerk saying, "Five o'clock! Better get up or you'll miss your train!"

Mr. Wells didn't intend to catch a morning train and hadn't given any instructions that he should be called at the unearthly hour of 5 o'clock, so he paid no attention to the old man's early morning greeting and was asleep again almost immediately.

In about fifteen minutes he was again awakened by the pounding on his door and heard the voice of the old man saying apologetically, "Don't get up. I rapped on the wrong door."—Lippincott's.

DELEGATES LIKED WAUSAU'S SMILES

FELLOW-SUFFERER IN BALL GIVE ROYAL WELCOME

Y. M. C. A. MEMBERS RETURN

All Enthusiastic at Treatment at Wausau State Meeting

After attending the most successful state convention of the Y. M. C. A. ever held in Wisconsin, P. M. Brink, F. J. Corey and Oliver J. Ash, delegates from the local association, returned yesterday morning from Wausau. The program for the convention and the royal manner in which the visitors were entertained, made it the most delightful as well as the most successful convention that the Wisconsin Y has held since its organization.

Its success was partly due to the number of important and influential Y. M. C. A. workers present. Among these were C. V. Hubbard, international secretary at Tokyo, Japan; C. S. Phelps, international secretary of the Kyoto, Japan, association, and Fred B. Smith, who is called by Y. M. C. A. men the "World's Greatest Christian Statesman." Mr. Smith's phase of the work is the religious life of the association and his lectures were without a doubt the greatest and strongest influence in the convention. He addressed a mass meeting in the First Presbyterian church on Sunday afternoon at which there were present over five hundred men.

A large boys' meeting was held on the same afternoon in the gymnasium of the new "Y" building at Wausau, which was attended by three hundred boys and young men. This meeting was addressed by Arthur Jorgenson, the secretary of the University association at Madison.

Senator Whitehead who was billed to give the farewell address, was unable to be present at the last session because of illness. Senator Whitehead is the president of the state Y. M. C. A.

The delegates were royally entertained by the citizens and members of the Wausau "Y" and quartered in the best homes in the city. The Ladies' Auxiliary of the Y. M. C. A. gave a banquet to the citizens and delegates at which over three hundred were present. Mr. Fred B. Smith addressed this assembly.

La Crosse People Elected. John M. Holley, although he was unable to be present at the convention, was re-elected to the state board for another year. P. M. Brink and Oliver J. Ash were elected to the committee on extension work in the state and the latter was also elected on resolutions committee. The officers of the state board for the following year are as follows:

President—Senator J. M. Whitehead of Janesville.

Recording secretary—C. B. Willis of Milwaukee.

Treasurer—W. H. Lindsay of Milwaukee.

Carl E. Ogden, formerly of La Crosse, and an active member of the Brotherhood of the Baptist church, is general secretary of the association at Lake Geneva and is mentioned among the hustlers. He was present at the convention.

P. M. Brink, a member of the La Crosse board, improved the opportunity and investigated the furnishing and decorations of the new building, thereby placing himself in a position to give the building committee some valuable information.

Sheboygan was the only city to invite the next convention, and its invitation was accepted.

Among other pipe lines are those written in favor of smoking. The age of a colored woman may be a dark secret.

"I do this because of the poverty of your family," said the judge.

LET KIDD KID GO, PLAINTIFF IS JOHN D.

CLEVELAND, O., Jan. 19.—The \$5 fine imposed upon Joseph Kidd, a 16 year boy, arrested for driving over John D. Rockefeller's tree lawn, has been remitted. Young Kidd was arrested Friday and held in jail two hours. He was found guilty by the justice. Mrs. Kidd paid \$4 on the fine, got the boy out and hurried to juvenile court and she threatened Judge Murphy with arrest if he did not let Joseph off right away. Last night in the village town hall, Murphy paid back the money and let the boy go.

"I do this because of the poverty of your family," said the judge.

COMMANDER GALE

REMINISCENCES OF MARTYR

Centennial of Slave President Will
Be Observed Here by Special
Memorial Services.

If you have a personal recollection
of Abraham Lincoln; if you ever
saw him in war or peace; if you
know any personal reminiscence
of the martyred president; if you voted
for him when he ran for president,
the people of La Crosse want to
know it and they will find it out
if you will write or tell Commander
Joseph Gale of the local G. A. R.
post about it, or send a letter to The
Tribune.

The Lincoln centennial will be ob-
served in La Crosse February 14,
when Rev. C. N. Moller will preach a
Lincoln memorial sermon at
Christ's Episcopal church. All
of the veterans of the local G. A. R.
posts have been invited to attend,
together with the general public and
any who desire to pay homage to
the former president.

In many cities throughout the
country the veterans of the great
civil war are intending to make the
Lincoln centennial a historical event.
At the next meetings of the local G.
A. R. posts the matter of securing
the names of all who voted for or
know reminiscences of Lincoln will

be taken up and by the time the
memorial service is held it is ex-
pected that a large number of the
old soldiers and old residents will
have communicated their knowledge
of the war president.

Commander Joseph Gale and T.
O. Lawrence both voted for Lincoln.

GLOWING LETTER
WRITTEN OF TEXAS

Frank Roth, the real estate man,
has received a letter from a friend
in Texas telling of the beautiful
country with its warm climate and
its many charms. He writes:

"The climate here is the finest I
ever ran up against. Christmas day
it was 85 and yesterday 97, but what
makes it so pleasant is the contin-
uous gulf breeze. This is 30 miles
from the gulf, 184 miles south of
San Antonio and 300 miles southwest
of Houston. The nights are very cool
and people who have been to Califor-
nia claim this climate much the nic-
er. It was quite a novelty for me to
see on Christmas day oranges, lemons,
figs and flowers in bloom, grass
green, and kids running around bare-
foot. The land around here is the
best I have ever seen and as it is in
the artesian belt you can see plenty
of flowing wells with good artesian
water, not mineral like at Brown-
ville."

Mr. Roth intends to run an excu-
sion to Texas where La Crosse people
are taking much interest in the country.

NEW CHANNEL TO
CROSS THE RAPIDS

FAMOUS LE CLAIRE DANGER
SPOT TO BE FIXED

KNOWN TO ALL RIVER PILOTS

Vocation of Old Rapids Pilot is to
be Taken Away as Canal Will
Make Stretch Safe

The Le Claire rapids, that swift
stretch of the Mississippi river which
for half a century, in fact since the
first steamer ascended the river 90
years ago, have been the terror of
river pilots, will cease to be a men-
ace to the Mississippi river craft in
a very few years; for the government
has in progress a great piece of work
which, when finished seven or eight
years hence, will see completed a
canal around the rapids from a point
across from the town of Le Claire to
Rock Island. After the canal is com-
pleted boats will "shoot the rapids"
only when they desire to do so, using
the slack water channel along the
Illinois shore to circumvent the dan-
gerous stretch of river, at will.

The rapids extend from the pic-
turesque old town of Le Claire,
which continues to be the home of
scores of old river men, to the Tri-
Cities, and there is a fall of 17 1/2
feet in their fifteen mile stretch,
which sends the water hurrying and
boiling down the rock-bottomed in-
cline. Shoals and jagged rocks are
frequently encountered in that
stretch of the river; as many a river
navigator of this and former gener-
ations well knows. In years long gone
by many vessels hit the sharp rocks
of the rapids and sank in the shallow
water, necessitating the building of
bulk heads about the holes rammed
into their hulls by contact with the
rocks, which was the method employ-
ed in raising the damaged vessels.
Few if any lives have been lost in ac-
cidents on the rapids, though it is a
matter of record that much damage
has been done to floating property.

The Rapids Pilot

So numerous were these accidents
in the old days of river navigation
that the rapids pilot became a neces-
sity, and Le Claire has long been
the home of many pilots who took
boats over the dangerous stretch of
water. The rapids pilot knows the
zigzagging rapids channel to a nicety
and to his knowledge and skill is due
the fact that few boats have struck
the rocks through the La Claire rap-
ids of recent years.

But a few years will put the rap-
ids pilot out of work. The govern-
ment is now working on the canal,
which in all probability will be com-
pleted before work on that particu-
lar part of the river is taken up. The
dredging out of a harbor for the town
of Moline is a part of the big con-
tract. Boats can now land at Moline
levee, a thing which never before
was possible. The canal will run up
the river to a point above the rapids.
It will be furnished with two locks,
one at the lower end and the other
near Hampton and separated from
the river by a huge dam which will
extend its entire length. The govern-
ment crews have been blasting a
channel through the solid rock dur-
ing the past summer, drilling holes
in the rock, and exploding charges
of dynamite. A huge dredge follows,
taking the splintered rock from the
river bottom.

The project is in line with the
gradual improvement of the upper
Mississippi, and the proposed six-
foot channel from St. Paul to Cairo.
At the present stage of water the av-
erage depth in the rapids is 4 1/2
and 5 feet. The canal will have a much
greater depth of water, something
like six or seven feet at low water.

with kidney troubles and last winter
I was suddenly stricken with a
severe pain in my kidneys and was
confined to bed eight days unable

day and night. I commenced taking
Foley's Kidney Remedy, and the
pain gradually abated and finally
ceased and my urine became normal.

SAN JOAQUIN VALLEY

SACRAMENTO, Cal., Jan. 19.—
San Joaquin valley was flooded to-
day by the greatest freshets of the
state's history. All telephonic com-
munication with the flooded region
has been cut off. The crest of the
flood reached the islands in the
mouth of the channels early today.

Clarksburg, Freeport and Rio Vis-
ta are threatened and gangs of work-
men are busy raising the levees with
piles of sand bags. Up the river
the water has destroyed 60,000 acres
of grain. The Butts County canal levee
and damaged the government
reclamation stations in the Sacra-
mento valley to the extent of several
thousand dollars.

FAIR ASSOCIATION
IN SPLENDID SHAPE

FINANCES BEST IN YEARS, AC-
CORDING TO REPORT

STOCKHOLDERS MEET TODAY

Will Decide on Fair Next Year; Bal-
ance of \$2,000 for 1908 After
All Bills are Paid

Treasurer E. M. Wing of the La
Crosse Interstate Fair association
will tell the stockholders at their
annual meeting at the small council
chamber in the city hall at 8 o'clock
tonight that the association is in
splendid financial condition, and will
have a balance of about \$2,000 when
all bills are paid.

The meeting will elect three di-
rectors to succeed T. H. Spence, P.
Newburg and J. P. Salzer, whose
terms expire, and it will be decided
without doubt, to hold another and
larger fair next summer. The meet-
ing tonight is the seventeenth an-
nual.

The report shows bills unpaid
amounting to \$3,000 and a cash bal-
ance of \$183.01. The state money,
\$4,750, is yet to be received, and
when this is added to the fund and
all bills paid, the surplus will be
over \$2,000. This is in striking con-
trast to 1908, when it was necessary
to get subscriptions of \$2,512.00 to
make up the deficit of the 1907 ex-
position.

The democratic city committee
held a meeting in the small council
chamber in the city hall yesterday af-
ternoon for the purpose of electing
officers for the ensuing term. The
following is the result of the ballot:
Chairman—John F. Doherty.
Secretary—Frank G. Roth.
Treasurer—Joseph H. Houska.

ering from its effects and complete
recovery is predicted. Drs. Christen-
son and Gunderson are in charge.

CANTATA GIVEN ON
THURSDAY EVENING

"The Story of Bethlehem," a can-
tata rendered every year at about this
time, will take place this week at the
Christ Episcopal church. The choir
will be unusually strong this year as
a number of singers from the First
Congregational church will take part
in the production of the cantata.
Prof. Packman will be the organist
and the choir will be under the direc-
tion of Prof. Cawley.

The date set for the cantata is
Thursday evening.

TO TRY STEINHILL.

PARIS, Jan. 19.—Balked at every
turn in his efforts to wring from
Mme. Steinhill any material evi-
dence in the mystery of the murder
of the woman's husband and mother
last May, Magistrate Andre is today
considering the advisability of send-
ing her before the assize court with-
out further evidence and letting the
judges and jury try to solve the

CONCORD, N. H., Jan. 19.—The legislature in joint session here today named Jacob H. Gallinger, U. S. senator.

ROBINSON ON STAND

WASHINGTON, Jan. 19.—The president's brother-in-law, Douglas Robinson, was a witness before the federal grand jury in the libel suit growing out of the Panama canal controversy. He was in the grand jury room only five minutes and hurried away as soon as he had given his testimony.

What is believed to be an attempt to secure an indictment against Delavan Smith, editor of the Indianapolis News, came to light when the grand jury filed in Justice Gould's court room with H. F. Taft, the local manager of the Western Union, who had been subpoenaed as a witness. The grand jury wanted copies of telegrams from New York, on Dec. 6, 7 and 8, 1905, to Chas. R. Williams, at Indianapolis, or to the Indianapolis News and signed by Delavan Smith, or "Smith." Taft informed the court that the Western Union considered such messages privileged and would not produce them unless ordered to do so. The court issued the order.

Other witnesses before the grand jury today were Chas. P. Taft, the brother of the president-elect; Otto Carmichael, E. Jesse Conway and Chas. S. Albert of the Washington Bureau of the New York World; Jas. P. Hornaday, Washington correspondent of the Indianapolis News, and the proprietor of a local cigar store.

It is understood that the last named witness will testify as to a conversation at his stand between two of the correspondents on one of the papers against which suits are sought to be brought.

Mr. Taft declined to discuss his testimony. It was learned today that Mr. C. P. Taft told the grand jury that the Panama canal articles, insofar as they concerned him, were utterly false. Douglas Robinson gave similar testimony.

FIRE SWEEPS MESSINA

MESSINA, Jan. 19.—Fire which broke out early today is sweeping unchecked throughout the ruins of the entire city. There is but little water to be had and no open spaces to progress of the fire.

Among the ruins already burned are those of the city hall, and the Bank of Italy. A vast amount of treasure remaining in the wreckage will undoubtedly be lost.

The duke of Genoa, who is aiding the firemen, had a narrow escape from a falling wall while preventing a frenzied woman from rushing into the flames. The woman feared that her husband was on a pile of burning wreckage. The duke seized her and dragged her away, just as a nearby wall fell, covering the spot where he had stood.

A Simple Home-Made Remedy for Colds and Coughs

A good home-made remedy for colds and coughs can be made in a few minutes from the recipe given below and is an article which should occupy a prominent place in every household. A cold or cough often arrives over night and this simple remedy, if kept handy for use, will nip such an annoyance in the bud. Although very inexpensive, there is positively nothing better at any price. The recipe is worth saving.

Granulated Sugar Syrup 1 1/2 ounces
Pinex 2 1/2 ounces
Take a pint of Granulated Sugar, add one-half cup of water, stir and let boil just a moment. Put 2 1/2 oz. of Pinex in a pint bottle and fill it with Syrup. Shake well and take a teaspoonful every one, two or three hours. Well corked, it keeps perfectly.

This simple recipe will cost you about fifty-four cents. And makes enough to last a whole family a long time. It is equally good for children and adults, and has a very pleasant taste.

It usually cures a deep-seated cough in twenty-four hours and if taken when the first symptoms appear many disagreeable hours are eliminated. It is also splendid for whooping cough, chest pains, hoarseness, etc.

Guaiacol and other chemical elements of the pine, which make the very air of the pine forests so beneficial in membrane diseases, are found in high proportion in Pinex, which is the most valuable concentrated compound of Norway White Pine Extract. It is far superior to any of the weaker pine oil or pine tar preparations. In making this remedy, therefore, use the real Pinex itself. If your druggist does not have it, ask him to get it for you. He can easily do this.

DULUTH IS NOT FREE OF NORTHERN

President Rooney of the La Crosse club received a telegram today from Secretary Kuehnow of the Duluth club stating that they would consider the proposition, but that they were still in Northern league; that they had an annual meeting in about ten days and until then they could take no definite action in regard to the matter. The answer is considered favorable, by the locals, and the work for the organization will continue until they get a refusal from Duluth, and it is hardly likely that any step like that will be taken by Duluth, as they are as anxious as La Crosse is to get into the proposed league.

The list of cities that are talked of as members of the proposed league is being simmered down until it contains the following: Duluth, Superior, Wausau, Eau Claire, La Crosse, Winona or South St. Paul.

MAY PURGE RECORD OF WILLETT SCREED

WASHINGTON, D. C., Jan. 19.—The expected demand for the expunging from the record of the speech of yesterday of Representative Willett (D., N. Y.) attacking President Roosevelt was made in the house today immediately after the reading of the Journal by Representative Thomas (R., W. Va.).

The West Virginian presented a formal resolution that the entire speech of the New York member be stricken from the record. Rep. Payne (R., N. Y.) suggested that the matter ought to be referred to a select committee. The question of expunging the Willett speech was, after considerable debate, referred to a special committee consisting of Mann (R., Ill.), Perkins (R., N. Y.), Goster (R., Va.), Howard (D., Ga.) and Clayton (D., Ala.).

LA CROSSE FOURTH IN P. O. RECEIPTS

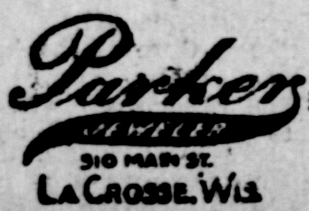

Reports prepared at Madison show La Crosse postoffice receipts for 1905 as \$109,567.93, as compared to \$124,836.79 in 1904. La Crosse is fourth in the state, being behind Racine, Madison and Milwaukee. The poor showing of La Crosse is because several large users of stamps did not begin sending out their circulars until after Jan. 1. Nineteen nine should be a doubly profitable year for the local office. La Crosse and Ashland are the only two offices showing receipts.

Even the seamy side of life may not be all it seems.

WHY GLASSES ARE WORN.

For a long time glasses were only used to assist in reading or near work, but with increased knowledge of the eye, we are able to adjust glasses to improve the sight, thereby curing chronic headache, neuralgia and many nervous afflictions caused by eye strain. The thousands who wear properly adjusted glasses are the living testimonials to the truth of it.

BOHEMIANWORKERS NATIONAL SESSION

BIG CONVENTION OPENED IN
THE CITY TODAY

TO CHANGE INSURANCE RATES

Sixty Delegates Here and Will be
Busy for Several Days With
Business of Organization

La Crosse is the scene today of the biennial national convention of the Bohemian Catholic Workmen of America. There are present at the convention, over sixty delegates and officers representing about half as many states. The last national convention of the association was held two years ago at Iowa City and it was through the efforts of Mr. Joseph J. Frisch, who was the delegate from the local organization, that the convention of 1905 is being held in La Crosse.

Formal Opening This Morning.

The first session was formally opened this morning with mass in the St. Wenceslaus church. The sermon was delivered by Rev. Vleck of Prague, Neb., and the Rt. Rev. James Schwebach also spoke. The meeting was then adjourned to the St. Wenceslaus hall, where the remainder of the morning session was held. Committee on resolutions, transportation and entertainment were appointed and these committees together with the auditing committee, which was appointed some time ago, rendered their reports at the afternoon session.

This convention will be an unusually long one and it will not be before Friday evening that the delegates will be ready to return to their homes. It is possible that a change may be made in the insurance rates and there are also several other matters which will necessitate more sessions than are usually held at these conventions.

An entertainment will be given this evening at the St. Wenceslaus hall for the members, delegates and visitors. An address of welcome will be delivered by one of the little girls of the St. Wenceslaus school and responses to this will be made by some of the visiting delegates.

Hall Decorated

The hall in which the sessions are being held has been tastefully decorated by the members of the La Crosse lodge with flags and bunting. Seating accommodations have been arranged for as many people as the hall will accommodate and everybody is welcome to attend. All business will be transacted in the Bohemian language.

ROOSEVELT AGAIN TAKES HAND IN THE JAPANESE TROUBLE

WASHINGTON, D. C., Jan. 19.—Representations have been made to the state department by the Japanese ambassador protesting against the proposed anti-Japanese measures of the California legislature.

SACRAMENTO, Cal., Jan. 19.—President Roosevelt is greatly concerned over reports received in Washington on the proposed anti-Japanese legislation by California law makers this winter. He has wired Gov. Gillette as king that steps be taken to have the proposed enactment held up until he can be heard from. In his telegram the president said: "My knowledge of the international situation, particularly with reference to emigration of Japanese laborers from the United States, satisfies me that the passage of the proposed legislation would be of incalculable damage to the state of California, as well as to the whole nation."

In reply Gov. Gillette wired: "Have caused bills to be held up until I can hear from you."

A letter from the president is now on its way to the governor giving his views in full on the subject.

Briefly summarized the bills to which President Roosevelt objects are:

No Japanese can hold a lease over one year.

No Japanese can own property.

Separate schools shall be built for the education of the race.

Whites and Japanese shall be segregated, the latter to live in certain prescribed parts of the cities of the state.

Although the White house gives no basis of the statement it is believed the president will go to the furthest extreme in eliminating an incident that readily might develop into a serious rupture between the two nations.

LONDON ARISTOCRACY IN DIVORCE SCANDAL

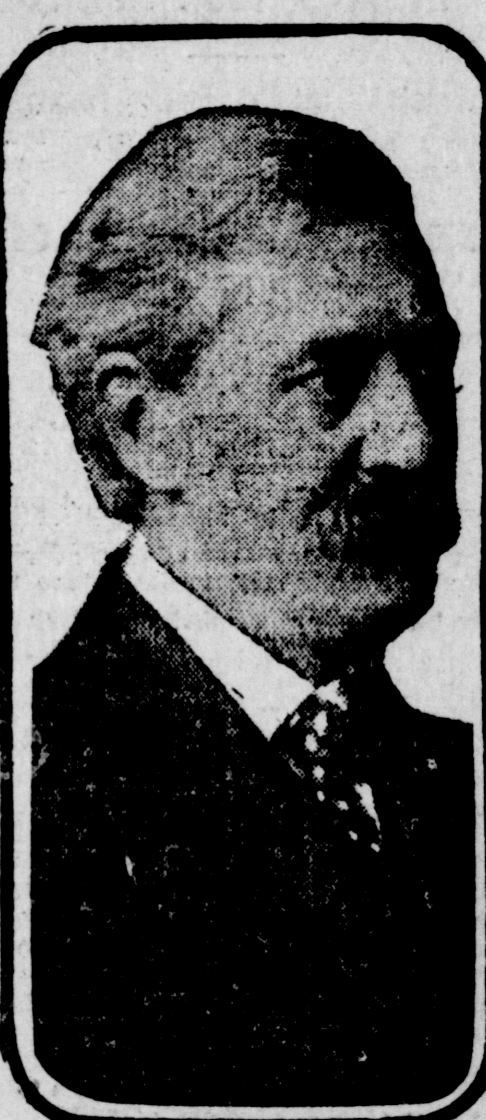

LONDON, Jan. 19.—The divorce suit of Mrs. Clara Sterling, formerly Clara Taylor, a musical comedy actress of Washington, in which Mrs. Atherton, one of London's famous beauties and a society divorcee is named as correspondent was begun today in the Edinburgh court.

Mrs. Sterling's suit is a counter suit to one brought by her husband, an ex-lieutenant in the Scotland guards, who has named Lord Northland, son of the Earl of Ranfurly as correspondent. The earl was formerly governor of New Zealand.

Both petitioners admit that they carried on a love correspondence but deny any actual misconduct. The case presents one of the worst tangles ever known in a divorce suit, and has aroused intense interest among the ultra-fashionables of London.

Don't ignore all sentiment lest you lose all sense.

CUMMINS IS NAMED WITHOUT A CAUCUS

DES MOINES, Iowa, Jan. 19.—For the first time in the history of Iowa, a United States senator was elected today without party caucuses and without a nominating speech. The two houses of the assembly in separate session elected A. B. Cummins, republican, choice at the primary. The democrats voted for Claud Porter. At the joint session at noon tomorrow Cummins will be elected.

FIGHT TO FORCE A PROBE OF IKE FAILS

(Continued from page 1.)

by Blaine in the senate. This was voted down.

An attempt was then made to amend the resolution passed last week, making it possible to consider an investigation at any time. Bancroft ruled that this motion was out of order, and Hughes retorted sharply.

"The steam roller works well!" This seems to have finally disposed of the assembly. The majority is against it, and it is dead.

Bills Introduced
A number of bills were introduced today. In the senate Senator Morris introduced a bill making insanity ground for a divorce. Burk offered a bill for an appropriation of \$15,000 for the normal school at Green Bay. Page presented a bill for the establishment of a new circuit court in Milwaukee.

In the assembly Cady introduced a bill to abolish the present veterinary board and to create another, giving larger powers to the state veterinarian.

MINERS' DELEGATES ABOVE FACTIONALISM

INDIANAPOLIS, Ind., Jan. 19.—The attitude of delegates to the international convention of Miners, which convened this morning, is one of surprise to the leaders of the two factions. The delegates are above factionalism. They do not seem to care for this or that leader or this or that faction.

"We are for the organization itself, first, last and all the time," is the tone of all expressions. These words were voiced today by Delegate Rice of Iowa.

There seems to be some disappointment among both the Lewis and the Walker factions because the delegates are seemingly taking no interest in the personal fight that is being waged between these two. Instead of taking sides or inviting a discussion of the quarrel, the delegates seem to lay in waiting for the partisan that begins a fight in the convention with personalities as the basis. It is likely that this partisan will feel the official ax.

There seems to be one person upon whom the miners are depending. If John Mitchell comes here, order will probably be brought out of the chaos. There is no denying that Mitchell has got ninety per cent of the miners willing to follow him. This being the case, his power in a crisis is seen.

At least a hundred telegrams were sent to Mitchell yesterday, urging him to come, and finally he replied that he will be here the latter part of the week for a few days. Mitchell is desirous of awaiting developments before taking any steps.

BEAT HIS WIFE; SHE BEATS HIM

"These family rows have got to be stopped," said Judge Brindley this afternoon, after hearing the latest assault and battery case in which Gottfried Fuchs was the defendant, and Joseph Fischer the complainant. Fischer brought complaint against Fuchs because the latter beat his wife, who is a sister of the plaintiff. It seems that Mrs. Fuchs had returned evil for evil and that the defendant had been about as much battered in the conflict as his spouse. Judge Brindley sentenced Fuchs to a fine of \$10.75 or ten days in the county jail at hard work. The fine was paid.

CLAUDE THOMAS. EARL DARLING

Two young men, Toland graduates, who recently secured excellent positions with the Mattson Timber & Land company. We have at least a half dozen working for this firm. There is a reason why such firms as Swift & Company, Studebaker Manufacturing Company, Standard Oil Company and many, many other firms call on us for competent office people. We have seventy-five in the employ of the Great Northern railroad alone. The executive heads of the large concerns recognize the fact that the Toland School really prepares young people for business life. This should interest you. The demand for first-class people is always in excess of the supply. Students may enter at any time. Address Wisconsin Business University, La Crosse, Wis.

passes issued. The stock was purchased at figures quoted by the owner in the presence of Henry Rooney and Supt. Livermore, when we were acting as a committee to get sufficient proxies to hold a legal meeting and this was before I ever used a pass or was an officer. Could Have Been President

"The directors have tried to give out the impression that I wanted to be president of the association, but this they are in error for I wanted that job I could have had it. Had I either refused to vote or voted for myself, I could have had that distinguished honor, but I am not yet ready to turn my office over for a loafing place for a lot of ball players.

"It was my intention to decline a re-election at the annual meeting, but when President Elliott absolutely declined to allow us to elect him, and he with a majority of all the votes in his control, named the board, for the sake of baseball I concluded to remain on the board until it was organized and this was well known to the other directors, who signified their intentions of doing the same thing. Our object in doing this was to overcome the impression that might prevail that baseball in La Crosse was a sinking ship. We were to resign one at a time later.

"My resignation was never properly before the organization and ignorance of the law led to an attempt at sharp practice to attain what might have been had for the asking. It was this duplicity, the details of which were confided to me by one on the 'inside,' that induced me to hold the matter up just long enough to show my associates that what they wanted must come as a concession from me rather than at their dictation.

"I am, and always will be, a baseball enthusiast, and I expect to patronize this splendid sport. The game is not to blame for the discourtesies of some of those associated in its management.

Derr and Kindley, Not:

"In conclusion, I want to say that there are on the directorate men who have personal grievances against me on account of faithful service rendered to the city when I held the office of city attorney. I refer to the county tax matter and the 'Gene Derr' barn case, in which he was convicted both in police and circuit court. On the other hand, there are men there whom I have counted friends. I have traced the inspiration of some of the unfriendly acts that have been done, and as to the others, I will not attempt to fix responsibility, preferring to believe men have treated me kindly until it is shown me that they have not."

Will Resign When—

"Have you made up your mind when you will hand in your resignation?" Mr. Mahoney was asked as he concluded his interview.

"Just as soon as I think the public recognizes the failure of this attempt to force me to resign," said the lawyer. He laughed again, but there was a 'hauf' fire in his eye this time.

CONSPIRACY CASE IS PUT OVER TO MONDAY

tion to all data secured for Hearst to use in the libel suit instituted against him by Haskell at Omaha, private letters from McReynolds' wife and friends in the east.

At various times since McReynolds has been in Oklahoma his rooms, he declares, have been ransacked. Another of Hearst's representatives declares that a satchel was stolen from his room at the hotel.

McReynolds charges that these alleged thefts were committed in an effort to get possession of Hearst's evidence.

McReynolds Man of Mischanee.

McReynolds has had a number of exciting experiences. Years ago he was arrested when on a mission in Mexico City. He escaped to El Paso in woman's clothes.

Judge Roasts Sheriff.

Judge Strang reprimanded Sheriff John Mahoney for turning over to Gov. Haskell the papers taken from McReynolds' room. He declared that the sheriff had exceeded his authority and that the papers should not have been given to the governor's representative but placed at once in the custody of the court.

May Arrest Sheriff.

McReynolds announced today that he was considering filing suit against Mahoney and his bondsmen on the ground that the officer violated the law in allowing the documents to be taken to be governor's office.

Former Justice Burford declared today that there is nothing in Oklahoma law permitting the seizure of private papers by search warrant or any other procedure.

HOPKINS FAILS TO LAND TOGA TODAY

(Continued from page 1.)

SPRINGFIELD, Ill., Jan. 19.—In the presence of every federal office holder in Illinois who is in any way indebted to A. J. Hopkins for his position, the first ballot on senator was taken in the general assembly shortly before noon today.

Though the senator went to the state house predicting he would have 116 votes in the two houses, or thirteen more than necessary, the estimate of the newspapers and political observers that no one would secure the election today, proved true. Mr. Hopkins was formally presented in each house, but Mr. Foss, his leading republican opponent, secured a number of votes. Lawrence Stringer of Lincoln, the democratic nominee before the primaries, received the solid democratic vote of each house.

The Hopkins people this morning early announced that a caucus would be held this evening whether enough would agree in advance to enter or not.

The ballot resulted as follows:

In house—Hopkins, 61; Foss, 15; Stringer, 63; Mason, 4; Shurtlett, 3. In senate—Hopkins, 26; Foss, 10; Stringer, 13; Mason, 4.

Total—Hopkins, 87; Foss, 25; Stringer, 76; Mason, 6.

Necessary for choice, 103.

A distinct and clear cut understanding was reached late today between the Shurtlett republicans and the democrats to unite to elect a successor to Hopkins with all indications favoring Shurtlett.

LIVING AS CHRIST EVEN IN NEW YORK

NEW YORK, Jan. 19.—The "Living as Christ lived" movement has reached New York. Certain pastors still think there is a chance for the metropolis, and Rev. Charles A. Eaton, pastor of the Madison Avenue Baptist church, who recently came here from John D. Rockefeller's church in Cleveland, is taking up the movement which started in Cleveland and is now being experimented with there and in Boston. In recruiting the new disciples, Dr. Eaton said today:

"No person can ever live as Christ did, for he was divine. But there can be a genuine effort which should last through the life of each human being. The movement is bound to be successful, for Christ has been, is now, and always will be, the ideal of man."

TESTIMONY WILL CONTRADICT JOHN

CHICAGO, Jan. 19.—Testimony in rebuttal of that given by John D. Rockefeller in New York recently is expected to be given at the hearing before Special Commissioner Franklin Ferris in the government suit to dissolve the Standard Oil company, which began here today.

Chas. B. Morrison and Frank B. Kellogg, representing the government in the cases, appeared in court early. Moritz Rosenthal and A. D. Eddy and John H. Miller represented the Standard Oil company.

A Horrible Hold-Up.

"About ten years ago my brother was 'held up' in his work health and happiness by what was believed to be hopeless Consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's Discovery and was wholly cured by six bottles. He is a well man today." It's quick to relieve and the surest cure for weak or sore lungs, Hemorrhages, Coughs and Colds, Bronchitis, La Grippe, Asthma and all Bronchial affections, 50c and \$1.00. Trial bottle free. BALKAN AFFAIR CRITICAL.

LONDON, Jan. 19.—The discovery today that Russia is planning to make a heavy loan to the shah makes a break in the Anglo-Russian scheme to control the internal affairs of Persia imminent.

The British press today is loud in its warning to the government not to sanction this step by Russia "under penalty of political ruin."

\$5.00 FOR "BAT'S" BOOK.

CINCINNATI, O., Jan. 19.—Batting Nelson, lightweight champion of the world, passed through Cincinnati today. "Bat" says he has sold his book to a New York syndicate for \$5,000. He says Joe Gans ought to be ashamed to ask for higher figure.

FIRE AND COLD ARE NEW YORK'S BANE

NEW YORK, Jan. 19.—The mid-winter horrors, near zero temperature and fire are adding to the hardships of the present blizzard which holds New York and vicinity in its grasp. Twenty families were driven from shelter by a tenement fire in East Fifty-eighth street early today. One woman was fatally burned and others suffered while making their way down ice covered fire escapes.

A fire in a West Thirty-fifth street apartment house sent ten families scurrying to the street. Another tenement fire in Brooklyn drove ten families to the roof for safety. Police rescued them in a half frozen condition. Ice covered streets delayed the fire apparatus. Coatings of ice have pulled down the fire alarm system in many suburbs. Ice-weighted wires falling in many streets made travel dangerous.

Two women were fatally burned and two buildings were damaged as a result of women's gowns catching fire from stoves. Mrs. Margaret Rellly was cleaning an office when her skirt brushed against a hot stove. Men coming to the rescue used bur-lap to smother the fire.

OYEN GETS BIG MUSCATINE JOB

A telegram to the Tribune from Muscatine, Ia., today says:

"Odin J. Oyen of La Crosse was given the contract today for decorating the new \$150,000 court house, for Muscatine county, the biggest decorating contract ever let in Muscatine. Oyen was in competition with some of the biggest decorators in the country."

LA CROSSE FREE FROM DISEASES

The city of La Crosse is practically free from contagious diseases at the present time, according to statistics. There are eight light cases of small-pox whereas there were twenty at this time last year and 25 the year before.

SLEIGHRIDE PARTY.

A pleasant sleighing party was enjoyed last evening by the following Messrs. and Mesdames: L. J. Kilian, Ryndon, Dr. Hedwig, Tufts, Sam Johnson, Stam, Scullin, Rev. Ayscye and Noble; Miss Shimmins, and Messrs. Nielsen, Corey and Ash. The party drove about the city during the evening and after the sleighing went to the home of Mr. and Mrs. George Barrett on State street, surprising them and enjoying a pleasant evening. An oyster supper was served the visitors.

TO SEE TAFT THROUGH.

ST. PAUL, Minn., Jan. 19.—The Roosevelt Republican club, the original Roosevelt club of the country, which attended the inauguration of McKinley and Roosevelt in 1901 and Roosevelt and Fairbanks in 1905, is going to witness the inauguration of Wm. Howard Taft as president of the United States in Washington on March 4.

FOSTER GETS BERTH.

WASHINGTON, D. C., Jan. 19.—Announcement was made at the White house today that the president had appointed Rufus E. Foster, at present United States district attorney at New Orleans, as judge of the same district.

DAILY MARKETS

FOREIGN MARKETS

New York Stocks.

NEW YORK, Jan. 19.—The stock market opened with active tone, first prices general showing fractional losses. After some narrow fluctuations, prices hardened and at the end of fifteen minutes showed little change from yesterday's close.

11 a. m.—Price movements during the first hour were extremely narrow. The market moved up enough toward the end of the hour to make a number of stocks show fractional gains. Governments unchanged; other bonds strong.

Noon.—For a time during the last half of the forenoon there was a show of strength in a number of stocks, among them M. K. & T. common and American Cotton Oil and several other specialties. At the same time, covering of shorts caused some fractional advance in the leading speculative issues. In the early afternoon the market was extremely dull.

2 p. m.—Interborough-Metropolitan preferred was sold and offered down to 4 1/4-1/4, a drop of 2 1/4 points while the common stock declined 1-1/8 and Third Avenue lost 2 points. These declines caused the room to turn to the bear side again and caused general fractional recessions in prices. A quick recovery, however, followed this down turn.

The market closed dull but firm.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

SPECIAL SESSION NEXT YEAR

Highway Law, Income Tax and Other Important Matters May be Left Over for Another Year

(By Fred L. Holmes.)

MADISON, Wis., Jan. 19.—(Special.)—The plan for a short session of the legislature that will adjourn about April 15, includes a special session of the legislature, which would probably meet about a year from now. This was talked over in the meeting of the committee chosen by both houses of the legislature to expedite matters, and there is every reason to believe it is the scheme to be pursued, if the statements of the members of the committee can be fully relied upon.

It is believed that in a session of 100 days all matters of legislation can be attended to, with the exception of the highway law, income tax and industrial insurance. The consideration of these matters may be delayed for the special session.

The present plan of the committee is to have committees of seven members, four assemblymen and three senators appointed to gather information on each of these subjects. Each of three committees will have power of subpoena so that every available piece of information can be gained. The knowledge will then be sifted and a bill drafted in each instance that will be applicable to conditions in Wisconsin.

It was first suggested that these could be taken up at an adjourned session of the legislature but the probability that all committees might not be able to report at one time, has resulted in the practical abandonment of this scheme and with an understanding with the governor, a special session of the legislature can be called, when all these committees are ready to report.

"It is difficult for one to realize how extensive each of these ideas are," said Assemblyman M. J. Cleary today. "One of the most important is the highway law, which when it has been worked out in detail will involve an expenditure by the state and every city and town. To frame a law involving such a complex plan will take research and foresight and yet it will be one of the most important pieces of legislation enacted in years. The same is true of the income tax and of the industrial insurance bill.

"The income tax law might mean a revolution of our present machinery of taxation and the installing of a system of industrial insurance, the like of which has never been tried in the United States, will take time to draft the bills.

"It seems to me that these measures will have to be considered at a special session, called by the governor, when committees appointed are ready to report."

Stop That Indigestion!

Kodol will do it. If it fails it costs you nothing. All forms of Dyspepsia can be traced to Indigestion.

Indigestion hurts in so many different places.

There may be simple discomfort in the mouth, stomach or bowels—this is just the beginning. The use of Kodol should be the end.

You may have pains in the head or be attacked by an overpowering sleepiness in the daytime and wakefulness at night.

You may have aches in the joints, trembling in the limbs, bowel troubles, heart palpitation, disordered nerves—even falling hair.

The thing is to keep the digestive apparatus right—then you will be right.

Kodol will do this.

Try it the next time you feel bad from whatever cause. If the trouble comes directly from indigestion, it will be over almost as soon as you have swallowed a spoonful of the liquid. Kodol will tone up the system.

Kodol is a liquid because nothing in dry form can be so combined as to do all that Kodol does. Because it is a liquid, Kodol reaches the spot quickly. Kodol relieves all pain anywhere in the digestive tract, almost instantaneously. Kodol takes care of all undigested food wherever found. It works as Nature does, extracting the nourishment and expelling the refuse so that the body gets all the benefit of every bit of food taken into the mouth.

These are facts. Prove them by a free trial of Kodol.

Kodol is as harmless as it is helpful.

There is nothing mysterious about it.

We have perfected a liquid which duplicates as exactly as possible all that Nature supplies for digestion. We called it Kodol and now tell others about its value.

There is nothing like Kodol; nothing but Kodol which will do the work which Kodol does.

There is no other digester, which will take the place of any or all of the digestive processes. There are some which will take care of one or two classes of food. There is not one, but Kodol, which will always supply any element needed, no matter what it is. No other will entirely and naturally relieve stomach and bowels.

Indigestion must end entirely if all the digestive functions are to be resumed. Kodol begins its work as soon as it is taken into the mouth. It continues in the stomach and intestines. It mixes with food and begins digestion as quickly as the same elements do when supplied by the natural digestive apparatus.

Food then can't ferment. It can't harden and irritate the delicate membranes of the stomach.

Kodol in the home, means healthy stomachs.

Healthy stomachs, mean clear brains and strong bodies.

Clear brains produce good work. Strong bodies make life joyous.

These are facts. Prove them by a free trial of Kodol.
